

Welcome to [MI Community Financial Dashboard](#)! This dashboard is designed to provide you with easy-to-use, visual data regarding City of Kingsford, as well as other Michigan communities. Our local units of government are a critical component of our infrastructure and it is important for our citizens, businesses and officials to have access to information about our fiscal health.

The MI Community Financial Dashboard is provided by the Michigan Department of Treasury using data we submit via our Annual Local Unit Fiscal Report (F65). For more information about City of Kingsford's fiscal health, please contact Anthony Edlebeck at (906) 774-3526 or citymgr@cityofkingsford.com.
